

Göttingen where he earned his Masters in Chemistry and, later, his Ph.D. in Natural Sciences. In 1964, he began his career with Degussa working for various plants in the Cologne region of Germany. Then, in 1971, he went on to the Degussa AG headquarters in Frankfurt where he worked in Project Management for Research, Development and Production Projects. Two years later Dr. Mannsfeld was put in charge of finding a site for a plant in the United States, and soon thereafter, Mobile welcomed Dr. Mannsfeld into the community.

In 1973, Dr. Mannsfeld became president of Degussa Alabama, Inc. and also served as Plant Manager for Degussa's Theodore Plant operations. Later, in 1977, he became the executive vice president of technology, engineering, and plant services for all Degussa sites in the United States. Finally, in 1999, Dr. Mannsfeld became the executive vice president and chief technical advisor to the CEO and a member of the Board of Directors of Degussa-Huls Corporation. It is from this position that Dr. Mannsfeld has recently retired.

Bringing Degussa to Mobile was the singular vision of Dr. Mannsfeld and for nearly 30 years, Degussa and the citizens of south Alabama have benefited from this mutually beneficial relationship.

In addition to his service and leadership in Degussa, Dr. Mannsfeld has greatly contributed to the city of Mobile and all of Alabama. Shortly after becoming a United States citizen in 1989, Dr. Mannsfeld became chairman of the Business Council of Alabama in 1990. Following his Distinguished Service Cross award (in which the president of the Federal Republic of Germany presented him with the ribbon of the Distinguished Service Medal of the Republic), he was named Honorary Consul of the Federal Republic of Germany for Alabama. Dr. Mannsfeld was a participant from 1994 to 1997 in the Mercedes Alabama Project-Tuscaloosa, which ended up successfully bringing Mercedes-Benz to Alabama.

From 1995 to 1998, he was involved in the Mitsubishi Polysilicon Project in Mobile and from 1997 to 2000, with the Phenolchemie Mobile/Theodore Project. Additionally, he was instrumental in moving forward the important Theodore Industrial Park Dock Project. Finally, from 1998 to 2000, he participated in the Alabama Power Theodore Cogeneration Project. In 1999 Dr. Mannsfeld was named to the Board of Directors of Atlantic Marine Holding Company.

Dr. Mannsfeld's accomplishments and contributions do not end there, however. He additionally serves as a member of distinguished organizations such as the Mobile College Fellows, the American Chemical Engineers, the Midgulf Business Roundtable, the Alabama Chemical Association, the Board of Regents of Spring Hill College, The University of Alabama at Birmingham Advisory Council, the National Association of Manufacturers, and the Alabama School of Math and Science. In addition to this already impressive and exhaustive list, Dr. Mannsfeld has served on the Board of Directors of Degussa Corporation, the Ultraform Company, Nilok, Inc., Compass Bank of Mobile, and the Board of Directors of the Business Council of Alabama.

Dr. Mannsfeld is also a former member of many other Boards of Directors. These include the National Association of Manufacturers, the Associated Industries of Alabama, the Ala-

bama Chemical Association, the Doctors Hospital, the YMCA-Chandler Branch, Mobile, WHIL Gulf Coast Public Broadcasting Company, the Mobile United Way, the Mobile United-Civic Organization, the Independent Colleges of Alabama, the Better Business Bureau, and the Mobile Area Chamber of Commerce.

Dr. Mannsfeld has added to the social aspect of Mobile and elsewhere through other noteworthy organizations. He belongs to the Corps Teutoni Hercynia Göttingen (a university fraternal organization), the Mobile Country Club, Ducks Unlimited, the Degussa Hunting Club, the Alabama Wildlife Federation, the Gulf Coast Conservation Association, the Audubon Society, the Mystical Carnival Society, and the U.S. Chess Federation.

Dr. Mannsfeld's contributions, both civic and business, have greatly impacted the citizens of south Alabama. While he has formally retired from the Degussa Corporation, it is my sincere hope and wish that south Alabama and the constituents I represent will continue to benefit from his presence and engagement in civic and business affairs.

Thank you, Dr. Mannsfeld, for all your many contributions to our community. May your retirement bring you many challenging, relaxing and enjoyable years.

CONGRATULATING HON. LEE TERRY ON THE BIRTH OF HIS SON

HON. JIM DeMINT

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 18, 2000

Mr. DeMINT. Mr. Speaker, on behalf of the Republican freshman class, I would like to congratulate Congressman Lee Terry of Nebraska on the birth of his baby boy, Jack William Terry.

On the fourth of July, at 11:40 p.m., Mr. Terry and his wife, Robyn, welcomed an eight pound, seven ounce child into this world. We sincerely congratulate both Mr. and Mrs. Terry on this joyous occasion as they enter into their new life as parents. May God bless the gentleman from Nebraska and his new family, and may Jack Terry live a long and prosperous life.

A TRIBUTE TO DAVID KATZ, MUSIC DIRECTOR AND PRINCIPAL CONDUCTOR OF ADRIAN SYMPHONY ORCHESTRA

HON. NICK SMITH

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Monday, September 18, 2000

Mr. Smith of Michigan. Mr. Speaker, on Friday, September 22, 2000, David Katz will conduct his final performance as music director and principal conductor of the Adrian Symphony Orchestra and OPERA! Lenawee. It is with great pleasure that I congratulate him on his past twelve seasons of service.

Under his leadership the Adrian Symphony has grown into one of Michigan's top five orchestras, has built its own professional opera company, OPERA! Lenawee, hosted Itzhak Perlman as the most famous of dozens of ex-

ceptional solo artists, been cheered in dozens of venues in four countries and two states, and has made us more proud of our orchestra and more excited about great music than we ever thought possible.

David Katz worked to break down the barriers which often separate classical music and opera from many people, instituting educational programs for both adults and children. His programming of concerts continually challenge the musicians, as well as the audience, through presentation of a broad variety of music and through increasing the breadth and scope of programming offered, adding opera, ballet and chamber music to the Adrian Symphony Orchestra during his tenure.

David's devotion and determination to both the Adrian Symphony Orchestra and his community is to be applauded and I am honored to recognize him and wish him continued success in his future endeavors.

BLUE RIBBON SCHOOL WINNER

HON. RANDY "DUKE" CUNNINGHAM

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, September 18, 2000

Mr. Cunningham. Mr. Speaker, I rise today to congratulate Mesa Verde Middle School in Scripps Ranch and its leaders, Principal, Sonya Wrisley and Superintendent, Dr. Bob Reeves. Mesa Verde has been designated by the U.S. Department of Education as a National Blue Ribbon School for 2000. I am proud to inform my colleagues that my district had an amazing record of eleven schools selected for that prestigious honor this year. I would also like to note that the Academy of Our Lady of Peace right outside my district in San Diego County was also named a Blue Ribbon School. I applaud the educators, students and communities in each of the San Diego County schools who pulled together in pursuit of educational excellence.

Blue Ribbon Schools are recognized as some of the nation's most successful institutions, and they are exemplary models for achieving educational excellence throughout the nation. Not only have they demonstrated excellence in academic leadership, teaching and teacher development, and school curriculum, but they have demonstrated exceptional levels of community and parental involvement, high student achievement levels and strong safety and discipline.

After schools are nominated by state education agencies for the Blue Ribbon award, they undergo a rigorous review of their programs, plans and activities. That is followed with visits by educational experts for evaluation. Ultimately, those schools which best demonstrate strong leadership, clear vision and mission, excellent teaching and curriculum, policies and practices that keep the schools safe for learning, family involvement and evidence of high standards are selected for this prestigious award. I am pleased that they are now receiving the national recognition they are due.

As school and community leaders head to Washington for the Department of Education awards ceremony, I want to thank them once again for a job well done. More satisfying than any award, these leaders will have the lifelong satisfaction of having provided the best education possible and a better future for thousands of children. I am proud of what they
